THE MECHANIC AND THE CARDIOLOGIST

A mechanic was removing a cylinder head from the engine when he spotted a well-known heart surgeon in his shop. The surgeon was there waiting for the service manager to come take a look at his RV when the mechanic shouted across the garage,

"Hey, Doc, can I ask you a question?"

The surgeon, a bit surprised, walked over to the mechanic, who straightened up, wiped his hands on a rag and asked,

"So Doc, look at this engine. I open its heart, take the valves out, repair any damage, and then put them back in, and when I finish it works just like new. So how come I'm paid so little compared to you when we're doing basically the same work?"

The surgeon paused, smiled and leaned over and whispered to the mechanic,

"Try doing it with the engine running."

DOCTOR'S APPOINTMENT

OLD people have problems that you haven't even considered yet!

An 85-year-old man was requested by his Doctor for a sperm count as part of his physical examination

The doctor gave the man a jar and said, 'Take this jar home and bring back a semen sample tomorrow.'

The next day the 85-year-old man reappeared at the doctor's office and gave him the jar, which was as clean and empty as on the previous day.

The doctor asked what happened and the man explained,

'Well, doc, it's like this--first I tried with my right hand, but nothing. Then I tried with my left hand, but still nothing

'Then I asked my wife for help. She tried with her right hand, then with her left, still nothing. She tried with her mouth, first with the teeth in, then with her teeth out, still nothing

'She even called up Arleen, the lady next door and she tried too, first with both hands, then an armpit, and she even tried squeezin' it between her knees, but still nothing.'

The doctor was shocked! 'You asked your neighbour?'

The old man replied, 'Yep, none of us could get the jar open.'

MENTAL ASYLUM

During a visit to the mental asylum, I asked the director how you determine whether or not a patient should be institutionalized.

"Well," said the director, "we fill up a bathtub, then we offer a teaspoon, a teacup and a bucket to the patient and ask him or her to empty the bathtub."

"Oh, I understand," I said. "A normal person would use the bucket because it's bigger than the spoon or the teacup."

"No." said the director, "A normal person would pull the plug.."

Do you want a bed near the window?"

GRANDMA'S PILLS

When a doctor who had been seeing an 80 year old woman for most of her life finally retired, the new doctor asked her to bring a list of all her medications for her next check-up.

As the young doctor was looking through these, his eyes grew wide as he realised she had a prescription for birth control pills.

'Mrs Smith do you realise these are birth control pills?'

'Yes they help me sleep at night.'

'Mrs Smith I assure you there is absolutely NOTHING in these that could possibly help you sleep!'

She reached out and patted the young doctor's knee.

'Yes dear I know that but every morning I grind one up and mix it in a glass of orange juice that my 16 year old granddaughter drinks and believe me, it helps me sleep at night.'

MEDICAL PRIVACY

An older gentleman had an appointment to see a urologist who shared an office with several other doctors. The waiting room was filled with patients.

As he approached the receptionist desk, he noticed that the receptionist was a very large, unfriendly woman who looked like a Sumo wrestler.

He gave her his name, and in a very loud voice, she said,

"YES, I HAVE YOUR NAME HERE;

YOU WANT TO SEE THE DOCTOR ABOUT IMPOTENCE, RIGHT?"

All the patients in the waiting room snapped their heads around to look at the very embarrassed man. He recovered quickly though, and in an equally loud voice replied,

"NO, I'VE COME TO INQUIRE ABOUT A SEX CHANGE OPERATION,

BUT I DON'T WANT THE SAME DOCTOR THAT DID YOURS."

EMPATHY

Nurses aren't supposed to laugh, Fred declared

"Of course I won't laugh, I'm a professional nurse. In over twenty years I've never laughed at a patient."

"Okay then," Fred said and proceeded to drop his trousers, revealing the tiniest man thingy the nurse had ever seen.

Length and width, it couldn't have been bigger than a AAA battery.

Unable to control herself, the nurse started giggling then almost fell to the floor laughing. A few minutes later she was able to regain her composure.

"I'm so sorry," said the nurse. "I don't know what came over me. On my honour as a nurse and a lady, I promise it won't happen again. Now tell me, what seems to be the problem

"It's swollen," Fred

Things went downhill from there...
