

ROMANCE

A wife, being the romantic sort, sent her husband a text:

"If you're sleeping, see me your dreams.

If you're laughing, send me your smile.

If you're eating, send me a bite

If you're drinking, send me a sip.

If you're crying, send your tears.

I love you!"

The husband, typically no romantic, replied: "I am on toilet.

Please advise."
