

Baby planes ...

A mother and her young son are flying Virgin Blue from Brisbane to Melbourne.

After looking out the window for some time, the boy turns to his mother and asks:

"If big dogs have baby dogs and big cats have baby cats, why don't big planes have baby planes?"

Mum can't think of an answer so tells him to ask the flight attendant.

The flight attendant responds:

"Did your mother tell you to ask me?"

The boy says "yes".

"Well, then, tell your mother there are no baby planes because Virgin Blue always pulls out on time.

Ask your mother to explain that to you."
