

Can you believe it?

They sent my income tax return form back to me!

In response to question 4, "Do you have any dependants?"

I replied -

"2.1 million illegal immigrants,

1.1 million crack heads,

2.4 million unemployable people,

90 thousand people in over 85 prisons,

and 650 idiots in Parliament.

Apparently, this was NOT an acceptable answer.

Who the hell did I miss?
